Description of new product :
The new Monte carlo range was created in response to the expectations of all those who like the modern design and glamour that embodies the Mediterranean spirit. The first fast powerboat of the range is the Monte Carlo 37, a powerful and slender boat with two proper cabins and good headroom.

Unique Features / other information :
The Monte Carlo 37 continues the concept of the 'Air Step' hull, patented by Chantiers Beneteau and already well reputed. It is powered by the new Volvo Stern Drive system. On the Monte Carlo 37, acceleration, comfort and reduced fuel consumption rule.
Inside we have welcomed an uncompromising Italian style with attractive spaces bathed in pleasant natural light and contemporary homely design.
