

PRESS RELEASE

## THE NEW PRESTIGE 42 S, SPORTY, ELEGANT AND REFINED

Jeanneau cements its place in the world of motor yachts with the arrival of this new Sport Top model. Now composed of 10 motor yachts in Fly Bridge and Express Line versions, the Prestige product line continues to grow and innovate to meet the demands of today's consumer.

The concept for the new Prestige 42 S offers numerous comparative advantages for discriminating customers.

- The overall design, with **contemporary, fluid lines**, was conceptualized by the renowned Italian cabinet, Garroni Designers, one of the most respected names in marine design.
- The hull, designed for exceptional stability and security at sea, consistently gives a first class performance, powered by a VOLVO (2 x 370 HP) twin engine. Entrusted to the talented American designer, Michael Peters, it has been specially adapted to hold the new propulsion system, **VOLVO IPS**, tomorrow's choice for boats that are quieter, faster, cleaner and easier to handle.
- The **large, electrically controlled opening sunroof** in the Sport Top model floods the interior with light and fresh air.
- Bright and spacious, the interior boasts **two large cabins, two private bathrooms**, and an extremely comfortable saloon.
- The exterior amenities will seduce you, with a **spacious saloon beneath the Sport Top**, two wide sundecks fore and aft, and a large swim platform.
- A clever **dinghy storage locker** is located aft.
