Model code of the new product: Whittley 2800 Cruisemaster

Description of new product :

Whittley Marine Group will re-define the ultimate in trailerable cruisers with its new 2800 Cruisemaster.

Cruisemaster has always defined the finest in live-aboard boats that can be towed easily behind a normal large four-wheel-drive, and the 2800 re-defines this classic Whittley style.

With first deliveries scheduled for mid-year, Whittley is already holding confirmed orders from Whittley enthusiasts in Australia and the USA.

The 2800 Cruisemaster develops the modern style of its smaller running mates, the Cruiser 630 and 660, and was designed at the company's state-of-the-art Campbellfield design centre.

Its precision computer aided design by Steve Whittley complements the legendary Whittley qualities of impeccable finish and uncanny space utilisation.

As modern as tomorrow, the sleek and stylish Cruisemaster 2800 retains all the traditional qualities that have made Whittley the standard by which other cruising boats are judged.

Catch the new Whittley 2800 Cruisemaster on the Hunts Marine stand in Hall4.
