Company Name: Offshore Marine Technology	Brand of Product: Navigator Helm Seat
Company Representative : Kirralee Hills	Mobile contact : 0411 552 450
Website : www.boatparts.com.au	Stand Number/ Location: Marina

Model code of the new product: Navigator Flybridge Flip-Up Seat

<p>Description of new product :</p> <p>The Navigator Compact Flip-Up Seat was launched at the Sanctuary Cove Boatshow in May this year. From the overwhelming response which we had to this seat and the sales which we made, we have since developed the Navigator Flybridge Flip-Up Seat. This seat has the same look and feel as the standard Flybridge Seat, however now you have the option of using the seat as a leaning post as well as a standard helm seat. The front knee bolster has the ability to Flip-Up, giving you additional room to move past the seat as well as additional comfort as a 'leaning post'. Look out for this new design on our stand on the Marina. This style will suit a deep sea fisherman or a person who has limited space on their Flybridge.</p>

<p>Unique Features / other information :</p> <p>Flip-Up knee bolster, so that the seat can also act as a 'leaning or standing post' when travelling or during short periods of maneuvering your vessel.</p>
