Model code of the new product: Vertical Davits

### Description of new product :

A new davit system designed in Australia and manufactured in the USA, which enables hard shell or inflatable dinghies to be raised onto the swim platform, particularly suited to aft-cabin power boats and yachts with boarding platforms. The fittings simply remove once the boat is launched and can be stowed onboard.

### Unique Features / other information :

Manufactured from marine grade stainless steel and passivated to inhibit corrosion, these Vertical Davits from Weaver Industries are typical of the high quality produced by this renowned manufacturer. All Weaver products carry a lifetime warranty under normal use.
