

PRESS RELEASE

FISHING & CAMPING NEW SOUTH WALES & VICTORIA

Description:

Fishing and Camping NSW and Victoria comprehensively covers the top spots in both States. The book is divided into three sections: freshwater trout areas, freshwater native fish areas and all along the coast where saltwater fishing is the primary recreation.

Formal and informal camping areas are included and details of where the camping area is situated, the facilities that are available, contact details as well as ease of vehicular access. Then the book lists the most popular fish to target in the area and the best locations and methods to catch them.

Bill James has been an active camping angler for many years and this book is the essence of his knowledge accumulated in that time. For the angler searching for new areas in which to enjoy themselves or for the casual angler out with his or her family to have a break, start looking in this book.
