FISHING FOR WHITING DVD

Description:

Whiting is one of the staple fish of Australian waters, as they are found just about everywhere around our coastline. In *Fishing for Whiting* with Lee Rayner you are shown the techniques of fishing for these sought after fish in the beautiful and varied waters of Western Port in Victoria.

Learn step by step how to rig lines, what types of rods and reels to use, what baits to use and how to present them, as well as a host of tips, tricks and technical know-how that Lee has learned over the years.

Then fillet your fish and enjoy your catch to the fullest. Lee Rayner's experience on TV shows with Rex Hunt and as a contributor to many fishing magazines including *Sport Fishing Marine* and *Trailer Boats* makes him easy and entertaining to listen to, and his lifetime of experience at fishing keeps you watching over and over again.
