Company Representative : JOHN COWAN	Mobile contact : +64 21 994-751
Website : www.naiad.co.nz	Stand Number/ Location: Marina

Model code of the new product: Naiad 10.5m Luxury Tender

Description of new product :

The latest creation from the design board of Naiad in New Zealand has hit the water. This is one of two identical boats (the second will be launched early 2008).

Built to top superyacht standard and fitout, the boat features:

- twin Yanmar 480hp diesels
- Hamilton 292 jets
- Blue Arrow "mouse boat" control system
- teak decks
- stainless steel bimini
- forward retractable canopy
- luxury seating for up to 15 guests and 2 crew
- sun lounger
- six-speaker stereo system with iPod input
- Garmin GPS plotter
- hot and cold transom shower

Naiads are renowned for their ability to chop through rough water comfortably and this boat, with its 23 degree variable deadrise is no exception to the rule. The hull is aluminium, beautifully faired and gloss coated with AWLGrip Aristo Blue and Matterhorn White.

A cleverly concealed bimini in the foredeck behind the seats protects the passengers in the forward seats if the weather suddenly changes. All seats are cushioned with drip-dry upholstery foam which along with the seat covers should ensure there is always a dry seat on the boat.

No expense has been spared in the engineering, which includes a Firebuoy engine room flood system, hands-free anchoring under the port chine, underwater lights, lined storage lockers.

The second of these two boats will be offered for sale – complete and ready to go! The first has been sold to a Sydney-based client.

Unique Features / other information :

Will be displayed on the water at Sydney International Boat Show.
