Website : www.euroyachts.com.au	Stand Number/ Location: Marina

Model code of the new product: SO50DS (Sun Odyssey 50 Deck Saloon)

Description of new product :

The true appeal of the Sun Odyssey 50 Deck Saloon lies in three key design elements: Light, volume and comfort are the results of two years of research by Jeanneau to develop this innovative addition to the popular Deck Saloon range. The contemporary styling and seaworthy construction appeals to any sailor looking for comfort but who refuses to sacrifice style or performance.

Unique Features / other information :

In developing the interior, Jeanneau used large ports integrated into the coachroof and elongated hull ports to create a feeling of space and openness. On the interior, it boasts a bright and airy atmosphere. Natural light pours into the saloon through elongated windows and enlarged hull ports. The owner's cabin can be located fore or aft, according to preference.

Jeanneau have incorporated in-mast furling systems, double anchor rollers in stainless steel and powerful windlass, as standard in the deck equipment – as is expected on board a yacht this size and style. On the impressive list of standard equipment there is also, a forward sail locker, a dedicated life raft compartment, as well as additional space for optional equipment.

The Sun Odyssey 50 Deck Saloon is a true owner's yacht, and debuting at the 2008 Sydney International Boat Show, the new SO50DS is bound to exhilarate. This new model arrives into Australia momentarily before the beginning of the show, and will be available for testing shortly after.
