---

Description of new product : 36 foot (11m) Cruiser/Racer GRP Production Sailing Yacht.
---

<p>Unique Features / other information :</p> <p>The Seaquest RP 36 is an outstanding production built cruiser racer designed by world renowned Reichel-Pugh Yacht Design and the latest product to be released and built by Seaquest Yachts - Dubai. This product falls into the 32' to 40' sailing yacht category and aimed at the sailor who wants a yacht that will both perform on the race course and be comfortable to cruise. This yacht has subtle but very important differences that set it apart from its competitors in this product category.</p> <p>The Seaquest RP36 incorporates proven performance features and equipment that ensure it is one of the fastest yachts in the cruiser racer category. This speed comes from the powerful high aspect non overlapping sail plan and a high stability ratio derived from its modern hull shape design and keel ballast. The smart deck, cockpit and interior layout and excellent choice of equipment, materials and options allow for the dual purpose use of this yacht.</p> <p>The Seaquest Yachts philosophy is to provide the market the opportunity to purchase a leading edge design from the hottest designers that will incorporate the dual purpose of racing and cruising for a price that is very competitive with other production boats of similar size.</p> <p>Following the Sydney International Boat Show the Seaquest Yacht will be available for test sailing on Sydney Harbour and on Sydney's Northern Beaches waterway, Pittwater.</p>
