Company Representative : Michael Blair	Mobile contact : 0419 300 299
Website : www.yanmar.com.au	Stand Number/ Location: 313 halls

Model code of the new product: 6AY-ETE

Description of new product :

To even further satisfy the expectation of workboat owners, Yanmar has released the 6AY diesel engine series. This unit can be supplied with flexible power ratings between 485kw (659mhp) and 670kw (911mhp) depending on the application and duty cycle proposed. Yanmar has a long history as a supplier of purpose built high quality commercial and pleasurecraft marine engines. The 6AY adds another notch to their range and it is already achieving remarkable results in the field across a variety of applications ranging from fishign trawler, tug boats and passenger ferries. With class leading fuel economy and low emissions the 6AY draws on its some 20 litres of cylinder displacment for impressive performance across a broad RPM range. The Yanmar brand is renowned for excellent reliability, long durability and excellent fuel consumption, factors which again the 6AY series are demostrating to "astute" owners who have selected this model

Unique Features / other information :

flexible power ratings between 485kw and 670kw
