As supplied by the Exhibitor

Company Name: Boatcatch	Brand of Product: Boatcatch
Company Representative : Greg Staples	Mobile contact : 0400 BCATCH
Website : www.boatcatch.com	Stand Number / Location: 336

Model / code of the new product: Boatcatch

Description of new product :

Boatcatch is a coupling device that modernises the launch and retrieval process of trailer boats. It allows you to quickly remove and replace your boat to and from its trailer without setting foot on a boat ramp. The Boatcatch coupling comes in two sizes and comes complete with a universal mounting bracket and all the components usually necessary for fitting and operating.

Unique Features / other information :

The coupling is heavy duty and made from 100% marine grade stainless steel. It can be used in a one or two man operation and is operated from the boats drivers seat. There is no need to ever stand on a boat ramp again. Boatcatch allows you drive on drive off operation and will fit to most fishing style boats.
