Website : www.cobaltboats.com	Stand Number / Location: 201

Model / code of the new product: Cobalt 230

Description of new product : Media Release For Immediate Release July 2009.	
Cobalt 230 - brand new for 2009.	
The latest innovation from Cobalt, pure genius is the best description of the 230. Designed specifically to make the very best use of every inch of room - from bow to stern - this has been achieved without imposing on the renowned finish, quality, stability, ride, handling and quality Cobalt stakes it's reputation on	
There simply is no compromise after inspecting the best. A fact that the Cobalt the continual winner of the JD Power awards - The U.S. mark of Quality and Value - brings to the table every time a new model is released. What ever the activity whatever your application the 230 delivers.	
The Cobalt 230 concentrates on details, the niceties that subtly extend a boat's enjoyment: the extra room to stretch in the cockpit and bow naturally, but also more cup-holders, under-seat storage, new piping on the upholstery, beefed up engine venting and other such particulars of evolutionary Cobalt design. This vessel needs to be inspected as do all Cobalts to be truly appreciated.	
The Cobalt 230 will be on display at the Sydney International Boat Show 2009 in Hall 2, Stand 201.
