--

Description of new product :

The Cobalt 210, packed full of pleasure.

Great things keep coming from Cobalt. The 210 is no exception packed with the same engineering, design, thought and planning as all the other models in the Cobalt range. Features that please entry-level boaters and seasoned boating enthusiast alike, highly finished and completely hand crafted the 210 delivers like no other boat in it's class. Pure delight and a constantly surprising new aspect to boating every time you hit the water is the only way to describe the 210.

Every important safety feature available is included in this Cobalt. The deep cockpit keeps passengers safely tucked inside while the boat is moving. The extended swim platform allows for easy entry and exit for swimmers. The Kevlar reinforced hull keeps you riding smoothly and safely across the waves.

The wide beam, deep V performance hull allows a tighter turning, perfect for skiing or tubing. Completely handcrafted and wood free construction performance hull produces top speed and acceleration with amazing ride and stability. Always reaching plane in seconds and gliding across the water comfortably and quickly, ready to tackle all conditions.

Carries 10 passengers plus gear comfortably, onboard entertainment with a premium six speaker stereo system with mp3 port as well as luxury lounges and high backed captain's chairs are comfortable for both driving or just hanging out.

Economical due to superior hull design and efficient when pulling a skier or your kids tubing, the 210 does it with far better fuel mileage and give you hours more fun for the same amount of money.

Find another boat with a ten year transferable protection plan which guarantees that you will have many years of pleasure from your Cobalt 210 not to mention greater resale value when the time comes to step-up to the next model.

The Cobalt 210 will be on display at the Sydney International Boat Show 2009 - Hall 2, Stand 201
