Website : www.fastfindplb.com	Stand Number / Location: 422-425

Model / code of the new product: FASTFIND 211 P.L.B

Description of new product :

AMI SALES presents the all-new smallest-ever Fast Find 211 waterproof 406 MHz Personal Location Beacon (PLB). Perfect for anyone who intends to embark on trips into areas around the world where there is little or no other form of communication or where other forms of communication are unlikely to work. The Fast Find acts as your personal Emergency Location Beacon, and is designed as a direct communication, to the 406 MHz Search and Rescue satellite system, its signal indicates that you are in need of urgent response and assistance. Its small size belies its rugged construction and powerful output. There is no compromise. Once activated, the distress beacon will send out a signal for help, and continues to transmit for at least 24 hours, at a powerful 5 watt output, ensuring that your call for help gets through whatever the conditions. The pocket sized, waterproof beacon transmits at the press of a button, to alert search and rescue services to your plight.

Unique Features / other information :

The Fast Find 211 is a powerful waterproof 406 distress beacon. However, the 211 also has a built-in integral 50-channel GPS for additional pinpoint location, further speeding up time of location. The 211 transmits the two signals simultaneously, one to the subscription free global 406 MHz satellite system, and the other (121.5MHz) is to speed up the local recovery response process. Once activated, FAST FIND's signals will continue to transmit for at least 24 hours, at a powerful 5 watt output, the 406 MHz transmission ensures that a call for help gets through whatever the conditions. FAST FIND also includes a unique SOS LED flash light facility which is manually activated to further assist in speeding up the users recovery during night time rescues. FAST FIND will operate in temperatures down to -20°c and its integral battery has a user storage life of 5 years, so there's no need for constant battery changes and re-charging. See this life saver at the AMI SALES stand located in Hall 4, stand 422-425.
