Website : <a href="http://www.steber.com.au">www.steber.com.au</a>	Stand Number / Location: Marina

Model / code of the new product: Steber 34ft Commercial Specialised Race Starting Vessel

Description of new product :  
34ft Commercial Specialised Race Starting & Support Vessel MV “Alfreds 11”  
owned and operated by the Royal Prince Alfred Yacht Club

Powered by twin 240hp Yanmar diesel engines, the vessel has a top speed of 25 knots, with outstanding handling and cornering abilities.

Unique Features / other information :

This vessel is based on the lines of the NSW Water Police craft, with modified interior to suit the Yacht Club’s “no frills” requirement, however the layout and configuration would suit a large range of applications such as offshore fishing, general cruising and overnighting with only minor modifications.

The basic interior for low maintenance still offers comfort, which includes a toilet/shower room, double decker bunks, lots of stowage, KAB pneumatic helm seat, dinette and galley.

The spacious cockpit deck has a full FRP canopy for sun cover, side electric winch for hauling in marker buoys, tow post for salvage and rescue work

The vessel excels with safety items including additional stainless steel rails, cockpit steering and controls and large hatches giving easy access to the engines,

You will be welcomed aboard to see this “Work Horse” at the Sydney Boat Show

The Sydney International Boat Show  
30 July to 3 August 2009, Darling Harbour, Sydney
