Model / code of the new product: Sea-Doo MY10 range

Description of new product :

Only Sea-Doo PWC's offers iControl, the most advanced watercraft technology. Featuring the Rotax 4-TEC engine, known for its fuel-efficiency and low emissions and recognized by the U.S. Coast guard for safety, the new range of Sea-Doo's is in a class of its own. With the world's first Intelligent Suspension (iS™), delivering a level of comfort and luxury you wont find on other PWC's, it's all about fun, reliability and performance.

Unique Features / other information : iControl: Intelligent Brake and Reverse (iRB) control-U.S Coast Guard Boating Safety, Intelligent Throttle Control (iTC), Intelligent Suspension (iS)-hull moves independently of the seat, handlebars and footrests with 6 inches of seperation and the new S3 stepped hull minimizing lateral wave impact and roll for better stability.
Other features: Closed-Loop Cooling System (CLCS) maintains engine temperature and filters corrosive saltwater and debris meaning less maintenance and more time on the water, standard Sea-Doo learning key, D-Sea-Bel™ Sound reduction system, Digitally Endcoded Security System (D.E.S.™)that's easier to use than other brands and the 3-star certified, "Ultra Low Emission" Rotax 4-TEC engine
