Model / code of the new product: **Sea-Doo RXT-X 260 RS**

Description of new product : For 2010, BRP's new Sea-Doo RXT-X 260 RS model ups the ante with the most potent combination of race-inspired performance and innovation ever seen in a production PWC. Delivering the highest level of performance in the industry, this is the most technically advanced and best handling PWC on the water. The Sea-Doo RXT-X 260 RS features BRP's Popular Science Best Innovation Award winning and exclusive iCONTROL™ technology, including iBR (Intelligent Brake & Reverse), the first and only on-water braking system.

Unique Features / other information : iCONTROL™: iBR (Intelligent Brake & Reverse), iTC (Intelligent Throttle Control), S3 Hull. Standard: 260-hp SCIC Rotax 4-TEC engine (CARB 3-Star certified & EU compliant); 29-function digital information centre with easy-to-read gauges, including lap timer, distance to empty, average speed and engine temperature; Sea-Doo Learning Key for greater fuel efficiency and riding confidence; O.T.A.S.: Off-Throttle Assisted Steering system supports manoeuvrability in off-throttle situations; CLCS: Closed-Loop Cooling System helps prevent corrosion and keeps out debris; Mirrors; Seating: 3 persons
