

JEANNEAU

NC 11

the SYDNEY international
BOATSHOW

2011

28 July – 1 August

At the Sydney International Boat Show 2011, for the very first time in Australia, Jeanneau will be displaying the European Powerboat of the Year 2011, the NC11.

Jeanneau is introducing an entirely new concept, the NC11. Like a new apartment with a view of the sea the NC11 offers an all new way of life, even closer to the sun and sea. Designed by Italian designer, Vittorio Garroni, the NC11 is sophisticated and modern. Her silhouette features pure lines, grace and elegance. Inside, a spacious living area with two cabins and a large bathroom affords contemporary comfort.

Bringing the amenities of home to life on the water the living room opens onto a panoramic view of the horizon, featuring large glass windows, an opening sun roof and a sliding side door.

Jeanneau:

Henri Jeanneau's passion and commitment to quality boat building began in 1957. From the first artisan crafted runabout to today's precision manufactured sail and power boats, that passion and commitment is shared by over 2500 employees and a network of over 300 distributors worldwide.

In Australia:

Jeanneau in Australia is serviced by a national network of dealers who have been selected by Jeanneau through a rigorous process to ensure that customers experience only the very best in purchase advice and ongoing service.

All of the dealers are well established with extensive experience and are backed up by the internationally robust parent company of Jeanneau in France.

The full range of Jeanneau sailing yachts, Jeanneau power boats, and Prestige power yachts are available to Australian customers through the dealers – The Australian Marine Network.
