PACIFIC BOATING OFFERS NEW MEMBERSHIPS FOR SMALL BUSINESS OWNERS

For small business owners looking for a new and novel way to entertain clients, staff and other VIPs, the ultimate boating club membership programme is the perfect answer.

Pacific Boating is offering small business memberships, which provides mid week cruises on its luxury sports cruisers. For a simple annual membership fee, business owners can enjoy up to eight outings from the location of their choice – Sydney Harbour and Pittwater.

Imagine turning up to the wharf with guests in tow and simply jumping aboard and taking off. Even better, on return, being able to disembark and leave the packing up and cleaning to someone else. That's all part of Pacific Boating's popular five star 'walk on, walk off' service.

"Forget the usual corporate boxes, this is an ideal alternative for those clients and VIPs who may not be so interested in sporting events," said Phillip Pitt, Managing Director of Pacific Boating. "We can also arrange for a skipper and catering so there's nothing to do but relax and spend time with your guests, or you could glamorously pull into Cockle Bay Wharf to lunch at any of the fine restaurants in the area."

Pacific Boating's fleet of ten Searay luxury sports cruisers range in size from the 29 Class, licensed for 10 people, up to the 44 Class which is licensed for 20.

Business owners can take advantage of a small business membership from as little as \$395 per month. For more information, call Pacific Boating on (02) 8765 1067 or visit www.pacificboating.com.au. Don't forget to visit Pacific Boating at the upcoming Sydney International Boat Show at Darling Harbour from 28 July – 1 August 2011.
