Model / code of the new product: A25

Description of new product :

Bowrider of fibreglass and kevlar construction. Manufactured in five piece mould technique developed in Cobalt yacht designs.

Unique Features / other information :

Cobalt has changed the standards for dramatic design, function and style in luxury boats. Hydraulic operation of swim platform which lowers to form a seat ten inches below the waterline. The A25's design creates a running surface of a much larger boat with consequent reduced bowrise at acceleration, more stability in turns and more comfort at cruise for all aboard.
