

**JEANNEAU**

**2011**

**28 July – 1 August**

**At the Sydney International Boat Show 2011 Jeanneau will be displaying a European Yacht of the Year and hosting a World Premiere.**

- At the Sydney International Boat Show 2011, Jeanneau Australia will be hosting the **World Premier** of the all new Sun Odyssey 379. The launch will be attended by the Jeanneau General Manager, Jean-Paul Chapeleau, Erik Stromberg, the Director of Product Development, and Paul Blanc, the Asia-Pacific Sales Director. Held on the Jeanneau stand on the marina at 6:30pm on Friday 29<sup>th</sup> July.
- Also on display will be the **2011 European Yacht of the Year**, the Sun Odyssey 409. After arriving in Australia in February, the SO409 is already a success with over 14 yachts already sold in Australia.
- Moored alongside the SO379 and the SO409 will be the new Sun Odyssey 439. On show for the very **first time in Australia**, this first SO439 has been sold already to a very enthusiastic Sydney buyer.
- To round off the display Jeanneau Australia will also have the Sun Odyssey 33i. The SO33i is proving to be very popular in Australia with three different keel options, standard, shoal, or swing keel.

**Jeanneau:**

Henri Jeanneau's passion and commitment to quality boat building began in 1957. From the first artisan crafted runabout to today's precision manufactured sail and power boats, that passion and commitment is shared by over 2500 employees and a network of over 300 distributors worldwide.

**In Australia:**

Jeanneau in Australia is serviced by a national network of dealers who have been selected by Jeanneau through a rigorous process to ensure that customers experience only the very best in purchase advice and ongoing service.

All of the dealers are well established with extensive experience and are backed up by the internationally robust parent company of Jeanneau in France.

The full range of Jeanneau sailing yachts, Jeanneau power boats, and Prestige power yachts are available to Australian customers through the dealers – The Australian Marine Network.
