Model / code of the new product: Corsair 28

Description of new product :

NEW for the 2011 model year! The very first, custom silver metallic paint to be added on the most iconic Corsair 28. If you are looking for pure boating pleasure just wait until you climb aboard the newly redesigned Corsair 28. Now with even more room, more luxurious teak, and handling that cuts through any wake with ease, the New Corsair 28 is even more of what Chris-Craft boaters have asked for. Its generous dimensions provide ample interior space, and allow for more powerful twin-engine configurations. The power and acceleration of this model give it a responsiveness that will take your breath away. This Corsair comes with a standard 8.1L engine with 375 hp. Alternatively, you can specify a range of Volvo or MerCruiser engines with up to 600 total hp. A larger forward cabin is ideal for an afternoon snooze and the cockpit is spacious and comfortable. However you choose to enjoy this boat, you'll find it an emphatic statement of elegant style.
