Model / code of the new product: Hanse 325

Description of new product :

The design team at Judel/Vrolijk have really excelled themselves with the Hanse 325. This entry level yacht is incredibly easy to sail thanks to the Hanse self-tacking headsail. And experienced sailors downsizing will love this little yacht's combination of performance and comfort.

Hanse use epoxy based vinylester resin in the hull construction which increases strength and reduces weight.

With the height aspect rig plan and fantastic hull design this all adds up to great performance.

Unique Features / other information :

Our 325 owners love these great features

Big cockpit - heaps of space to relax

Huge port side storage locker for dinghy and outboard

The Hanse self-tacking headsail for easy short or single-handed sailing

Standard top quality rig from North Sails with a fully-battened main

Standard Furler

Jefa rack and pinion steering system - no cables means no creaking or 'give' and an incredible feel

Long rudder and deep T-bulb keel and fantastic handling under sail or power and easy parking

Large, low bathing platform for easy access from the water or your dinghy

Roomy saloon with lots of cross ventilation - 5 opening hatches in saloon alone

Bang up to date Birgit Schnasse interior.

Real wood veneer on the cupboard doors.

New wipe clean headlining
